

Step by step towards the pushTAN-App

1

Download the S-pushTAN App on your smartphone.

2

Start the App and tap on:
„Jetzt einrichten“
„Registrierungsbrief erhalten“
„weiter“

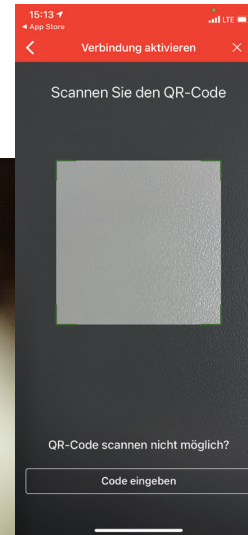

3

Create a password and repeat it. A valid password has at least 8 characters (Capital letter, lowercase letter, number & special character)

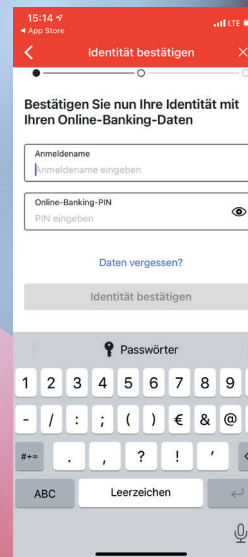

4

Permit access to camera and scan the given QR-Code.

5

Type in the bank sort code 553 500 10 and your Online Banking login details (Anmeldename + PIN)

6

Create a new PIN (at least 5 characters). Repeat the new PIN.

! Do not forget the PIN. It is necessary for your login in the Sparkassen-App.

7

You have successfully registered your pushTAN-App.
